BhatAnkush

Education

•Sahyadri College of Engineering and Management, Mangaluru

Bachelor of Engineering in Information Science and Engineering

Dec 2020 – Jun 2024

Mangaluru, Karnataka

Experience

•Niveus Solutions (Part of NTT Data)

Cloud Associate, Technology Team

Oct 2024 – Present

Mangaluru, Karnataka

- Develop and deploy production-grade microservices on **Google Cloud Platform** using **Node.js**, **Express.js**, and **FastAPI**, serving live enterprise clients with high availability requirements.
- Architect and implement real-time communication features using **WebSockets**, significantly reducing client-server latency and improving end-user experience across multiple web applications.
- Lead **React.js** frontend development with **Tailwind CSS**; built reusable component libraries that reduced UI implementation time by an estimated 30% across sprint cycles.

•Niveus Solutions (Part of NTT Data)

Cloud Explorer, Technology Team

May 2024 – Oct 2024

Mangaluru, Karnataka

- Built and shipped full-stack web applications using the **PERN stack** (PostgreSQL, Express.js, React.js, Node.js) deployed to production on **Google Cloud Platform**, directly supporting real client workflows.
- Consistently delivered sprint milestones ahead of schedule by contributing across both **frontend** (React, CSS) and **backend** (Node.js, REST APIs) layers within agile development cycles.
- Earned the **Google Cloud Associate Cloud Engineer (ACE) certification** by applying hands-on GCP skills — including Compute Engine and Cloud Functions — gained directly within this role.

•Niveus Solutions (Part of NTT Data)

Intern, Technology Team

Nov 2023 – May 2024

Mangaluru, Karnataka

- Developed and debugged full-stack features using **React.js**, **Node.js**, **Express.js**, and **PostgreSQL**, contributing directly to client-facing application releases under production timelines.
- Integrated **RESTful APIs** with responsive React frontends, improving data-flow reliability and reducing UI defects flagged during QA review cycles.
- Gained hands-on exposure to **GCP deployment pipelines** (Cloud Run, Cloud Build), laying the foundation for earning the Google Cloud ACE certification post-internship.

Projects

•Early Detection of Diabetic Retinopathy and Glaucoma | Flask, TensorFlow/Keras, HTML5/ CSS3, JS, Firebase Jan 2022

- Built a **Convolutional Neural Network (CNN)** model to detect Diabetic Retinopathy and Glaucoma from fundus images, achieving **95% classification accuracy** on a labeled medical dataset.
- Developed a full-stack web application using **Flask** and **Firebase** enabling medical professionals to upload fundus images and receive instant diagnostic predictions.
- Implemented image preprocessing and data augmentation pipelines to improve model generalization across diverse image conditions.

•Mentor Connect – Full-Stack Mentor-Mentee Platform | PHP,MySQL | Android: Java, XML, Google Firebase Aug 2022

- Designed and developed a **web and Android application** enabling mentor-mentee interactions including secure authentication, CIE marks tracking, attendance monitoring, and meeting reminders.
- Built RESTful APIs using **Node.js** and **PostgreSQL** for the web platform and implemented real-time data sync on Android using **Google Firebase** (Firestore and Authentication).
- Delivered the dual-platform solution as part of an academic initiative, demonstrating full-stack proficiency across multiple technology stacks.

Technical Skills

Languages: JavaScript (ES6+), TypeScript, Python, SQL, HTML5, CSS3, Java

Developer Tools: VS Code, Google Cloud Platform, Postman, Git

Technologies/Frameworks: React.js, Next.js, Node.js, Express.js, Tailwind CSS, PostgreSQL, MySQL, Google Firebase

Leadership / Extracurricular

•Community Lead, Sahyadri Open Source Community (SOSC)

Dec 2021 – Mar 2024

•Event Management Lead, Google Developer Student Club (GDSC)

Aug 2022 – Apr 2023

•Student Vice President, Newton School Coding Club (NSCC)

Oct 2022 – Mar 2024

Licenses & Certifications

- **Associate Cloud Engineer Certification – Google: Issued Jul 2024**

Credential ID: b8e2dd650e7944c29f6e215525ad106c
